SPONSORS

We want to put your company name on our banners, our t-shirts, our social media releases, and even our robots.

We have 4 teams, 12 students, 2 coaches, and 4 robots.

We have attended 1 event so far this year and won 2 trophies.

We are registered for (minimum) 4 more events.

Your money will go toward **team shirts**, new/better parts and materials, and mostly **travel expenses** if we qualify for the **World Championships**.

The "Worlds" are in Dallas in April and we sent **1 team** in 2022 and **3 teams** last year.

It is not easy to qualify; only 800 out of over 20,000 teams from around the world are invited.

**You can help us
get there.**

\$500 Bronze level:

Your company name in all of our press releases and social media posts

\$1000 Silver level:

Bronze level plus company name on custom banners hung at all events

\$2000 Gold level:

All above plus name on team t-shirts

More than \$2500 Platinum level:

All above plus a presentation at your company by the students and their robots

If you have any questions, please contact
