

Sherburne - Earlville Elementary

School Supply Lists

Thanks to the generosity of our community, we have been able to reduce the number of supplies that students need to bring to school. Students will need some supplies at home to participate in learning on their virtual days.

For School:

Wear a **mask** every day. Students can use their own mask or use a paper one provided by the school.
 Bring a **water bottle** labeled with your name each day. Our drinking fountains have been turned off,
 but we are excited to have water bottle filling stations in the building!
 Please bring **one box of tissues** to get the year started!
